Please outline the reasons why your child needs to bring his/her mobile phone to school and how it is in the interests of their personal safety. Permission will only be granted where the risk to your child is greater than that of the majority of the children travelling to school on a daily basis.

--

The phone is to be brought to the school office between 8.30 and 8.45 in the morning and collected after 3.15. The children are not permitted to leave the classroom to deliver or collect their phone from the school office.

School cannot accept responsibility for the phone in terms of replacement costs or repair for any damage or theft of the phones while they are in the School's care. We do, however, ensure the phones are placed in a secure place where every effort is made to ensure their security.

I fully understand the policy guidelines related to my child. My child would like to bringing their mobile phone to school and understand the need to comply with the rules outlined above.
