

4L BADGERS

Mission Statement

We, the Badgers will always try our best when we work and keep trying even when we find learning hard. We know that sometimes we will make mistakes but that's ok because it is a chance for us to learn.

When we work in our class we will listen to adults and our work partners being kind and respectful to them. If we get stuck we will help each other to find ways to work out problems.

We will stay safe and use common sense when we move around our school being polite and using our manners. We will respect our school and make sure we look after it.

We will have a positive attitude to everything we do in school, showing the Granby Way and we will always tell ourselves 'We can do this!'

The Badgers
